Crutchfield honored by the CRC

On July 9, the Charles River Conservancy presented Community Boating board member Philip Crutchfield with the 2008 Distinguished Service Award. The Conservancy gives out the award annually in honor of the 2,500 people, schools and corporations who have shown an impressive resolve in helping the Charles River Parklands that year. Since 2002, the Conservancy has managed over 11,000 volunteers, who have donated \$750,000 in volunteer labor along the Charles River.
